

Dear Reader

PanStadia & Arena Management is the new super title resulting from PanStadia magazine joining forces with Stadium & Arena Management magazine. PanStadia & Arena Management combines a bold new design with the best of the articles, interviews and venue profiles from both magazines, to make it the undisputed leader in its coverage of the business of stadiums, arenas, sporting events and venues across the globe.

The newly merged publication is now produced on a quarterly basis – Spring, Summer, Autumn and Winter editions, with the latter being our Showcase Special.

The magazine is published both in print and digital format. There's also a new website containing useful articles and podcasts, and a weekly email Digest of venue news from around the world.

I'd like to invite you to take up our annual subscription to receive four printed editions each year @ £100 (UK) or €125/\$175 (International). If you'd also like to receive the PanStadia & Arena Management Weekly Digest please select the relevant box opposite.

Yours sincerely,

Neil Levett

Publisher, PanStadia & Arena Management
